

Career & Technical Education Courses

Career and Technical Education (CTE) Courses are often closely allied to the objectives of developing artistic literacy and the 21st century skills supported by arts education. Students may substitute up to 2 CTE credits to meet minimum Arts Proficiency Seal requirements.

Below is a list of pre-approved CTE Courses. Stakeholders selected these courses based on their focus in fostering student literacy in the core arts anchor standards of Creating, Performing/Presenting/Producing, Responding, and Connecting.

Pre-Approved CTE courses

Animation
Digital Photography
Music and Audio Production
Stagecraft
Graphic Design
Digital Printing
Film and TV Production

Additional CTE Courses may be approved on a case-by-case basis. For a full list of CTE programs visit: <http://www.azed.gov/cte/programs/> Districts may submit additional CTE Courses for approval to the Arizona Department of Education Office of Arts Education during the application process. To receive approval of additional CTE courses, districts should clearly outline ways students in the specified CTE course engage with the core arts anchor standards of Creating, Performing/Presenting/Producing, Responding, and Connecting in their classrooms.
